PREFACE.

This volume contains the Journal of the Governor and Council of East Jersey from December 1st, 1682, to April 29th, 1703, both dates inclusive, and covering the whole period of the Proprietary Government by a Governor and Council. The original manuscript volume containing this Journal is a stout folio, well bound in old sheep, and is in perfect preservation, except that a part of one leaf has been cut out, as noted on page 16 of this book. The very existence of the Journal had been forgotten, as it was not in the State Library, nor elsewhere in the State House. One day in the year 1870 or 1871, a former manservant of a deceased New Jersey statesman came into the office of Mr. Garret D. W. Vroom, in Trenton, with a great bag of books, which he said he had gathered together in "clearing up" the house and office of his late employer. Mr. Vroom asked him to empty his bag and show what he had, which he promptly did. The first volume to tumble out upon the floor was this Journal, from 1682 to 1703—a book of priceless value, as it had never been printed nor even copied. Mr. Vroom immediately deposited it in the State Library, where it is now kept in a fire-proof safe by the careful State Librarian. The State caused it to be copied and printed in 1872, but the copyist being unfamiliar with the peculiar chirography of the seventeenth century, many errors crept into the printed volume, and the lack of an index still further impaired its value. As the New Jersey Historical Society proposed to print the

whole of the Journal, from 1703 to 1776, it was deemed best under the circumstances to reprint this portion. So far as ordinary type will admit, every peculiarity in the original manuscript has been scrupulously reproduced here. One exception is the case where a character closely resembling p is very frequently used for the syllable *per*, *pre* or *pro*. These syllables are printed here in full. The use of this contraction led to many errors in the edition of 1872, notably in one case where the word *im p iously* was transcribed and printed as *impiously*, instead of *imperiously*! The original manuscript is for the most part in a very clear and neat court-hand of the period. Other portions are in different handwriting, not so easily decipherable. The ink, though faded, is still distinct. A good idea of the manuscript is given in the frontispiece herewith.

The present volume also contains the Journal of the Governor and Council of the Province of New Jersey, from the surrender of East Jersey and West Jersey to the Crown, and their union as one Province under a Governor and Council appointed by Queen Anne. The records of this body do not appear ever to have been printed. Undoubtedly the original record was kept in the Province, and an authenticated copy was regularly transmitted to England by the Governor for the time being. What has become of the original Journal it has been impossible thus far to ascertain. From 1703 to 1776 it would fill six or eight folio volumes. It has been conjectured that these records, with other papers, were carried off by Governor Franklin when he was conducted from New Jersey to Connecticut. What became of his papers is unknown. It has also been suggested that possibly the Secretary of the Province in 1776 might have retained these records. Search in the New York State Library, at Albany,

has failed to reveal the missing Journals. It is true that they may have been destroyed during the troublous times of the Revolution, or they may have gone the way of waste paper at a later time, but the unexpected turning up of the earlier Journal, from 1682 to 1703, shows that it is possible that the other records may yet be found reposing upon some shelf or in an out-of-the-way corner in some ancient house in New Jersey. For lack of the originals, recourse has been had to the contemporary copies sent to England by the Royal Governors, now preserved in the Public Record Office in London. Copies of these copies were procured by the New Jersey Historical Society some years ago through the agency of the late Henry Stevens. They fill twelve large portfolios. The printed sheets of this volume were sent to Benjamin F. Stevens, whose familiarity with the public record offices of Europe is unequalled, and he has caused them to be compared with the copies in London, and has noted every deviation, no matter how slight, from the records there. The appended table of Errata and Addenda gives the result of this careful comparison.

It will be observed that there is a hiatus in the Journal from August 20th, 1703, to December 20th, 1708. Much effort has been made to discover whether any records existed of the transactions of the Governor and Council during this period, and if so, where they might be found.

B. Fernow, the accomplished historiographer of New York State, wrote in reply to an inquiry on this subject: "I find that Lord Cornbury went to New Jersey on public business, from June 19th to 29th, 1702; August 10th to 31st, 1703, to publish his commissions; November 9th to December 23d, 1703; August 28th to October 6th, 1704; November 7th, 1704, to February 6th, 1705; May 8th to June 9th, 1705;

April 22d to June 19th, 1707; probably from April 27th to June 22d, 1708, and from November 2d to 16th, 1708. This is from the New York Council minutes. It is therefore probable that he sat with the New Jersey Council during these various periods, and that the minutes must be in New Jersey."

Benjamin F. Stevens writes from London: "Now for the serious part of your letter—the missing volume of your Journals, 1703 to 1708. When Nova Cæsarea was annexed to the Crown in 1702, a great many disputes followed with the Governor, and I think there is evidence that the missing minutes were never retained by the Board of Trade, but were laid before the Queen and not returned, because in the strictly contemporary arrangement and binding of these minutes, those for 1703–8 are not included in the lettering, viz., 1702 and previous are tabbed 'A,' 1709, &c., 'B,' &c. I suggest the possibility of their being at Windsor, but the chance is small of ever finding them.

"Mr. Hubert Hall, the efficient officer at the Record Office in the Government search department, has been through everything in the Record Office, whether Proprieties, Plantations General, or New York, or America and West Indies, in the hope of finding your volume out of place. He has always found the red tabs of the State Paper Office clerk who was responsible for the material of the printed records of New Jersey.

"Cornbury was Governor of both New Jersey and New York *pro tem.*, and search in this direction did not disclose your volume.

"The Minutes of Council are stout folio despatches of various length and thickness, each mounted on guards and bound (in contemporary vellum) some dozen in a volume.

"I have seen no printed ones of New Jersey. Those in the Record Office were, of course, transcripts of the original Journals of the Council transmitted in the Governors' original despatches and taken out of those to be bound in a separate series.

"I cannot yet answer your old conundrum about William Franklin's papers. I am looking for them."

The original manuscript "Journal and Votes of the House of Representatives of the Province of Nova Cæsarea or New Jersey in their first Sessions of Assembly" at Perth Amboy begins November 10th, 1703, and continues until December 13th, 1703, covering twenty-two closely-written pages. The second session, held at Burlington, began September 1st, 1704, and continued until December 12th, 1704, the Journal covering thirty-five pages. On page 59 of the same volume begins the "Journal of the House of Representatives for the Province of New Jersey in the 2^d Sessions of their 2^d Assembly held for the said Province Begun at Perth Amboy y^e 15th day of October 1705," continuing until November 8th, 1705, and covering eight pages. The "3^d Sessions of the Second Assembly" began at Perth Amboy October 25th, 1706, but there being no quorum, was adjourned from day to day until November 1st, 1706, and in fact did not meet at all. The first session of the third Assembly began at Burlington, April 5th, 1707, and continued until May 16th, 1707, covering fifty pages, many being filled with speeches of the Governor and the replies of the Assembly, on the numerous matters of controversy between them. The same Assembly met again at Perth Amboy, October 23d, 1707, and continued until October 31st, the chief business being the adoption of a scathing arraignment of the Governor, who thereupon adjourned them until the second of April ensuing. The next

session began May 5th, 1708, continuing until May 12th, but the body being "Factionous & mutinous and would do nothing," Cornbury adjourned them until September. The Journals up to this date cover 149 pages, less a few blanks. They tell of bills passed, of frequent conferences with the Council, of the action of that body upon bills, and generally of the doings of a Legislature, with both branches simultaneously sitting. The inference is inevitable, that the Council sat, and that a Journal was kept of its proceedings. The Assembly minutes from 1703 to 1709, and probably later, were evidently kept on loose sheets of paper, which were folded lengthwise and ultimately bound up with other sheets on which the minutes were continued. If the Council minutes were kept in the same way, the loss of a portion is easily accounted for, although it would not explain the failure of the Governor to transmit copies to England.¹ It is possible that Lord Cornbury may have retained the original Journals and taken them with him on his return to England.²

A word as to the system of editing these records: It was deemed safest to print them precisely as found, errors and all. In some cases a letter or a word has been supplied, but these are always enclosed in brackets.

The usefulness of this volume is greatly increased by the full index prepared by Judge Ricord.

It was not thought wise or necessary to add many notes. For those inserted Mr. Nelson is responsible.

¹ Some notices of the sittings of the Assembly from 1703 to 1708 will be found in N. J. Archives, III., passim.

A Bill sent here from the Deputyes titled an Act in order to satisfie the publick debts of this p^rvince To w^{ch} the Governour and Counc: cannot Concurr and offer for reasons as followeth, first for order.

1st The Deputyes yesterday sent here a Bill to the subject matter of this Bill to w^{ch} this board made their amendm^{ts} & returne the Bill yesterday.

2 It has bin vsual for dispatch of business if one house has p^rsented a Bill, the other has offered amendm^{ts} to w^{ch} if the other has not agreed a Conference has bin desired and reasons offered for and against the amendm^{ts}.

3 In Case the Councill & Deputyes after a Bill p^rsented by one house & amendments made in another, agree not to Confer but draw new Bills it may bee thence allowed wthout lymitt & nothing don but p^rsenting one Bill for another.

4 As to the matter of the Bill now sent differing from the Bill sent hence to the Deputyes yesterday. This Bill now sent is defective in these p^rticulars.

1st The Bill Insinuates that the p^rvince is Indebted and makes out no debt—Nothing appearing to us that the p^rvince was indebted but in the Quitt Rents all other demands appeare not on Record, And it's a maxim in Reason that it's the same thing not to bee as not appeare to bee.

2 The Debts ought to be p^rved else the p^rvince not to be Charged therwth.

3 The Debts ought to be p^rved in a Court of' Record that they may there remaine for Justification of Just demands and Impeachm^{ts} of Cheates if any bee offered to abuse the publicke.

4 A Constable is not made by any Act of Assembly a Court of Record, nor a Judiciall but a ministeriall officer—he Cannot trye any petty Causes, nor has bin thought meet to be a Magistrate but only a minister or Servant in the petty Courts.

5 The Deputyes are not a Court of Record distinct from the Governor and Councill—So noe opp^rtunity nor Capacity to take p^rofe of such Debts.

6. for the gen[']all Assembly to approve of Accompts as Just or not Just debts before proof made or opp^rtunity offered for p^rsons to proof them seems verry irregular & agst reason—for wth reasons wee Adhere to the Bill sent vp wth our amendm^{ts} yesterday and Concurr not wth this new Bill. Agreed that Captn Palmer and Captn Berry carry vp the same Reasons.

A Bill read here for the Coroners & Constables Subscriptions for faithful p^rformance of their offices read & ordered to be signed and sent vp to the Deputyes by Captn Berry & Benjⁿ Price.

A Message from the Deputyes being an Answer to o^{rs} yesterday sent for their Concurrence to 2 Bills before them the Consideraçon thereof Deferred till afternoone this day.

A Message from the Deputyes in writing viz^t

March 27th 1683 Ordered by this house to send downe

two of their Members to the Governor & Council to acquainte them that the house will wait upon them forthwth in order to an Adjournment of this Assembly.

Message brought by Sam^l Moore & Joseph Parker.

.A Bill for the office of Coroner & Constable brought vp from the Deputyes in w^{ch} the [they] Concurr.

Ordered that the Bills past by the Governor Council & Deputyes be Transcribed & sent vnder the seale of the p^rvince to every County.

Vpon debate & Consideraçon of some tyme of Adjournem^t. It's ordered & agreed by mutuall desire and Consent of the Deputyes That the gen^rall Assembly bee Adjourned to the ninth day of May next & the said gen^rall Assembly are Adjourned to the ninth day of May next Then to sitt for the publick affaires of this p^rvince at Eliz: Towne.

A Bill sent here from the Deputyes Entitled an Act to Enable the ffreeholders of this province to propose and agree Divers orders relateing to the good and welfare of Each Towne.

w^{ch} being read this board agreed on these excep̄cons to the p̄ceeding thereon

1st This Board has allready had a bill from the house of Deputyes to the same affect to w^{ch} the Governor and Councill has made some amendm^{ts} and sent it back to the Deputyes for their Concurrence w^{ch} bill still lyes wth them not returned here wth their Consent.

2 There are other particular Bills now Depending for remedying the matters expressed in this Bill viz^t for that against hoggs and for makeing and setting out highwayes

3 In this Bill is a Clause Dubious, uncertaine and vnp^rsi-dentiall viz^t to settle and impose Town rates not only for the matters Contained in the said Bill—but alsoe for the like—w^{ch} word (and the like) are without lymit and uninteligable

4 The local and prudentiall Lawes by the Townes to bee made not to Come under the Considerācon of the Governor and Councill their Lawes may be such as may oppose and contradict the Acts of the gen^rall Assembly—The lib^{tys} p^rper-tyes and ffranchises of the planters and Inhabitants of this province, and may be of Dangerous Consequence to the Government.

Messengers Henry Lyon and Joseph Parker

Eliz Towne May 11th 1683

Vpon Consideraçon of the Message here sent from the Deputyes by Henry Lyon and Joseph Parker relating to a Coñmittee of both houses, It's the sence of this board

1st That the Deputyes Denyall of a ffree Conference at the Desire of this board is unp^rsidentiaall and the first of that kind that ever has bin Deny'd in this province. And the same appeares to be more strange for that open and ffree Conferen-ces wth this board and whole house of Deputyes are most effectual for Dispatch of busines, ffull vnderstanding of the sence of Either house, And most gen'all satisfacõn to all persons that are Desireous of Expediteing matters in the gen'all Assembly and p^rvents misreportes and Errors w^{ch} may happen by mistakeing or in rendring the sence of Either house otherwise than Intended

2 But this board Desireing rather a Delatory dispatch then noe effecting of businesse wth the Deputyes have receded from our first modest request, and Condisending to a Dayly Coñmittee of Both houses and have sent a Message to that purpose, that this board will appoint persons not lesse then ffour Dayly to attend.

3 But to be Lymitted by the Deputyes to the number of ffour and to meete the number of ffive of the Deputyes and to be obliged to Choose our Coñmittee Dayly—and to meet as ffour of this house and ffive of the Deputyes house shall Dayly agree, is p^rscribeing such Lawes to this board as belongs not to the house of Deputyes—being neither Customary nor warrented by any authority Law or p^rsident. And it's the sence of this board that as either house have always had the priviledge to appoint such and soe many for a Coñmittee as they see meet and as this board Lymittes not the Deputyes—Soe this house ought not to bee imposed vpon or Lymitted—And this house adheres to their Last Message. In Case the Deputyes agree not to our ffirst request of a ffree Conference as were had at our Last Sessions w^{ch} had a gen'all good effect

for the Dispatch of business then passed by vs in gen'all Assembly Ordered that Co^{ll} Morris Captn Berry Captn Palmer & Captn Sandford carry vp this Message

The Matter of John Shottwells petiçon came here into Debate and the Widdow Carterett being alsoe here p^rsent and in writeing gave in two papers as her Answer to the substance of the said petiçon, and it being asked the said Widdow Carterett if shee Desired any tyme to offer or object anything agst the substance of the petiçon shèe said shee had noe ffurther answer then what shee gave in writeing. The petiçon of Robert Shrevs Blacksmith came a Servant into this province in the yeare 1675 Desires he may have Land laid out according to the Concessions. In answer to the Deputyes Message to vs now sent by Samⁿ Moore and Joseph Parker, It's the sence of the Governor and Council

1 That if the Bill sent before to vs at our last meeting be Sufficiently Answered then noe neede of this Bill for the matters p^rvided for in this Bill are all the same and noe more then in the former—for killing of woolves in each Towne or Country onely excepted But for makeing and maintaineing good and sufficient fences and to p^rvent Damages w^{ch} may bee don by horses Cattle and other Stock in the Co^mon high wayes Cornefields and meadowes and for makeing bridges laying out high wayes and keeping the same in repaire and for makeing Towne Rates for the Defraying of Charges that may arise vpon the aforementioned occa^ons—are all expressly p^rvided for in the former Bill now Depending wth the Deputyes—w^{ch} matters if they be fully answered ther's no neede for this Bill as it's now made but onely a p^rvision for killing of woolves in w^{ch} particular onely the other is Defective

2 As to the Dep'tys Answer to the 2^d and 3^d Article of our Excep^ons for leaveing out the p^rvision ag^t hoggs and expelling the words (and the like) answers the sence of this Board.

*4 As to the Deputyes Answer to our ffourth excep^on,

* Sic.

it's the sence of this board it's not answered but onely evaded —they being Criticall upon the word Lawes for the word orders—For the Deputyes Bill instead of by lawes expressing themselves in other Termes and calling them orders—Alters not the sence but orders to have the force of Lawes and to be put in execuçon as Lawes, and the Infringers of them to be sued at Law and punished for the breach in Courts of Justice are equally Lawes in those Townships as any Lawes of this province are to the gen'all not improv'ly but p'rperly called Lawes. And the Deputyes calling those Agreem^{ts} Orders as they Doe in their Bill is imp'rper the word orders being not p'rperly appropriable to agreem^{ts} of any Towne or Incorporated body of people, but only to the Councill Board and Courts of Justice—all other Determinaõns in Townshippis are called By Lawes and so are agreem^{ts} this Day of all the Corporaõns in England, so much as the great City of London.

4 Wee must againe repeate as formerly vpon the Same occaõn, that it has been vsuall for Dispatch of busines in the gen'all Assembly—if one house has p'sented a Bill—the other has offered amendm^{ts} to the w^{ch} if the other has not agreed a Conference has bin Desired and reasons offered for or ag^t the amendm^{ts}

5 In Case the Deputyes or Councill after a Bill p'sented by one house and amendm^{ts} offered by the other—Agree not to Conferr but Draw new Bills and lay the former aside, it will p'vent all Dispatch of Busines, and allows vs to p'sent one Bill for an other and Dispatch none.

6 It's the sence of this board that such p'ceedure is Contrary to the Due Course of Law agst the orders of gen'all Assemblys, And tends to Disorder and Confusion

7 This sitting of the Assembly is but a Continuance of our former Session by Adjournment and noe new Session and the fformer Bill being in force wth the Deputyes this board desires their Concurrance thereto or a ffree conference in both houses

To the ffirst It's the sence of this house the former Bill is sufficiently Answered as appeares by the Governor and Council desireing a Conference upon the other Bill

To the Third wee say as before Towne orders are a thing verry Customary in such places as are of the same Constituçon and as for London to be a p^rsident for this place) can in reason be thought no farther a p^rsident than it agrees wth the Constituçon of this place as to ffences woolves Cattle and the like.

To the ffourth it's the sence of this house, where there is not a Concurring by both houses it possibly may be a hin-

drance but both houses agreeing no Roome for objection, and So Consequently needs noe Answer to the applicaçon.

To the fifth wee ever looke as needing no Answer and So Consequently the 6th as being a Relative.

To the 7th wee not Denying it a Continuance of the former Session the assertion is uselesse (as to the former bill being in force wth the Deputyes) the Bill can be no more in force than a Bill fully answered and this house accepts of a free Conference wth the Councill as to the p^rmisses in our last Bill

Messingers Thomas Johnson
and Sam^l Moore

Vpon Consideraçon of the Deputyes reply this day sent by Thomas Johnson and Sam^l Moore to the Message from us yesterday—This board cannot but be Senceable of the great Daylay in Dispatch of busines in gen'all Assembly principally occasioned for want of a Daly ffree Conference by the whole Members of the gen'all Assembly w^{ch} practice in the former sitting of this Assembly was found not onely a meanes for a good vnderstanding but tended much to the Speedy Dispatch of business, the gen'all Assembly then passing more Acts wth full Consent in one Day then now in a weeke—But the Deputyes seeing Cause to refuse the Request of the Governor and Councill in that p^rticular, This board is willing and Desireous in this way of writeing between both houses how delatory soever to give the Deputyes all possible satisfacçon. say

As to the first Article of Reply viz^t the former Bill is Sufficiently Answered by the Governor and Councils Desiring a free Conference upon the other Bill—w^{ch} the Deputyes say is the sence of their house—To w^{ch} the Governor and Councill say that it is their sence y^t y^e Deputyes are under a great mistake in the matter—And this board is fully satisfied that never any message was this Session sent to the Deputyes Desiring a p^rticular Conference on the 2^d Bill or a Confer-

ence on the 2^d bill p^rticularly—The Messages hence has bin ffour—The ffirst of the 11th Instant Desired a free Conference on the subject matter matter [*sic*] expressed in excepçon w^{ch} was not to p^rceed on this Bill but on the former—

The 2^d Message of the same Day was for a free Conference on all matters then Depending or to Depend w^{ch} can nowise bee Construed to exclude the ffirst Bill and p^rceed vpon the second.

The Third Message of the same Day is to desire a ffree Conference and refers to the former.

The 4th Message of the 14th Desires a free Conference in the p^rmises w^{ch} was on our excepçon whereof one is agst the Second Bill and p^rceeding on the ffirst

To the Deputyes 2^d Article of Reply it's the sence of this board that an excepçon agst a p^rticular in the Bill sent wth Articles that excepts agst all the Bill is noe accepting the Bill or condiscending to it, but fortifyes our gen'all excepçon, w^{ch} Argum^t is as if a man were Charged wth a Trespasse and felony—If I charge him wth trespasse he's innocent as to the higher Crime.

As to the Deputyes 3 4 & 5th Articles—it's the sence of this board that there needs no other Answer but referr them againe to those 3 4 & 5th Articles of ours, to w^{ch} their's is sent as reply—

As to the 7th If the former Bill be fully answered soe are all the Matters therein contained but it's an argum^t the Bill is not fully Answered the 2^d Bill sent Desireing our Answer or Concurrence to the same matters—Againe if such answers as the Deputyes give to the former Bill or alledge they have given is legall Customary usuall or according to the Custome of the gen'all Assembly wee desire p^rsidents in the Case—The Deputyes say they accept of a ffree Conference wth the Councill as to the p^rmises in the last Bill—To w^{ch} the Councill Answers that the [they] never desired such a Conference but on the excepçon w^{ch} are the p^rmises and to debate ffreely on all matters Depending before the gen'all Assembly and such Confer-

ence this board renews their desire to the Deputyes to Concurr in, for speedy Dispatch and for a fair vnderstanding of matters before the gen'all Assembly ordered that Captn Berry and Captn Sandford carry up this Message

Vpon Consideraçon of the Message now sent by the Deputyes it's agreed that such Conference be had as is above p^rposed and that such Answer bee given the Messingers and that p^rsons meet here forthwth w^{ch} was done accordingly

A Conference was had w^{ch} began about eleven A Clock forenoone—wherein was fully Debated the matter of passing the Bill about the Townes making locall and prudentiall orders. After a Long Debate for 3 houres tyme in Discourse wee Came to this result.

1 That as well the ffirst Bill as the second are both before the Assembly, not rejected or expelled by the gen'all Assembly

2 That vntill by Some agreem^t of the Assembly, the ffirst Bill being fframed and passed by the Deputyes and received and amended by the Governor and Councill cannot be expelled the Assembly but by Consent of both houses

3 The ffirst Bill may yet bee p^rceeded on notwthstanding the Deputyes Answer to the Governor and Councill and notwthstanding the second Bill—But the second Bill cannot till the ffirst be expelled as above.

4 That if the Matters contained in the Bill bee not worth attending the Councill therewth then not worth an act much lesse worth Contençon.

5 That it's a bill of that nature as for the Things to be Don as fenceing &c. That all Townes Doe themselves wthout act not onely in this p^rvince but most part of America

6 but Enforceing the Doeing thereof & p^rformeing those orders on paine of being sued & p^rsecuted at Law &c This is an Act of that nature that has neither bin in this p^rvince or other parts of America.

7 It seemed to be gen'ally Satisfactory to lay aside the Bills wholly, and in the Townes to Do amicably and by voluntary Consent those things w^{ch} this Law would Enforce—w^{ch} mat-

ters the Deputy Governor as alwayes said and Did now Declare hee would Countenance and in his place Assist and thus the forenoone was Concluded.

Afternoone wee Entred into Debate after some small Sum̄ary of our forenoones Discourse about the Demands of Never-sinkes by Colour or virtue of Nichalls pattent, And after a long Debate for Tree or ffour houres came in our Discourse to this Result. That after the Duke of Yorke and the king by their Letters had required all p^rsons to Submitt to the Government of S^r George Carterett &c and vpon these termes—

And the province had knowledge Thereof viz^t in the Month of May Anno Dñi 1673 John Bound and James Grover for and in the behalfe of the Two Townes of Neversinkes petitioned the Governor and Council that noe Conclusion should be made of their pattent rights till the [they] could make their Adresse to the proprieto^{rs} &c And that when the [they] had made Such Adresse, the [they] would acquiesse in the Lords proprieto^{rs} Determinaçon—to w^{ch} the Governor and Council then agreed

That the said petiçoners in pursuance thereof sent a petiçon and Remonstrance to the then Lords proprieto^{rs} yielding all their p^rtençions vp to the Lords proprietors w^{ch} petiçon was read by the Lords p^rrietors 5th Sept 1673 After this resignaçon the Lords p^rrietors by their grant vnder their hands and Seales ordered and granted vnto the pattentees 500 Acres of Land apeece The pattentees accepted of the same and petiçoned to have the same laid out—warr^{ts} were granted for the same—some Surveyed and pattented p^rticularly that of Richard Hartshornes w^{ch} appeared to bee a full Conclusion of that affaïre vnlesse it were made appeare such petiçons and p^rceedure were not by Consent or approbaçon of the Townes—They being Don by approbaçon of some who Subscribed to that purpose—Ric: Hartshorne Declared as for his owne part he believed that all p^rsons would pay for their pattented Land in those Two Townes and for his owne part hee would—but the matters being transacted by John Bound now speaker of

the house of Deputyes it was p^rposed that hee and Joseph Parker now Deputyes for those Two Townes should debate the p^rmisses further tomorrow and soe the Debate wth night Concluded

John Bound Richard Hartshorne and Joseph Parker came here and in open Councill—A Sumary Discourse was wth them of all matters passed yesterday—And after a serious Debate vpon the agreem^{ts} and settlem^t made wth the late Lords proprietor^s wth the Two Townes of Neversinkes Debated yesterday wee Inquired into the truth of those petiçions and Addresses the submission and resignaçon of their p^rtended pattent Rights to the late Lords proprieto^{rs} And they were all owned and agreed to be true—but alleged that the same was for feare—It was answered that the like allegaçon may ever be made—but as an Evidence to the Contrary the petiçone^s themselves Demonstrate besides that the pattentees had after the Lords proprieto^{rs} grace and ffavour granted them 500 Acres of Land apeece the [they] returned a letter of acknowledgem^t and thanks—And their Associates in Compliance therewth all pattented their Lands according to Concessions none excepted—continued ever afterward satisfied there^{wth} All Contented wth what was don made noe Demonstraçon of the least Disscatisfacçon wth Evidented a voluntary and Satisfactory agreem^t, Inspecçon was made of the bookes and therein was view'd their Severall warr^{ts} for Lands to the pat-

tentees severall whereof Enjoy them to this Day. The patentees alleged they were to have their Land Rent free—It was Answered no for that grants of that nature was no otherwise but by Rent as the late Governor and others as also Richard Hartshorne who has his pattent he Declared hee would pay his rent and beleiv'd all the Inhabitants of these Two Townes would Doe the same—An Authority vnder all the peoples hands was p^rduced and things left to the p^rsons above and Three more w^{ch} three others were not here—however they alledged they had full power in themselves to End all p^rtençons wth vs—Then was inspected the Late Lords p^rprieto^{rs} Resolve wherein they give 500 Acres of Land a peece to the pattentees and order allowance for Barrens to all other the Associates—Then it was offered that such allowance was given as p^rticularly to R Hartshorne Three Acres for one in respect of Barrens—and others in p^rportion to the barrenesse of the Soyle—But if any Complain'd of Due allowance we were ready to make a Resurvey for further Allowance—w^{ch} seem'd to Conclud the busines wthout further Difficulty—But Richard Hartshorne Joseph Parker and John Bound Consulting privatly together told vs they were Limited by the Towne what Termes to make notwthstanding under their hands they had given them full power w^{ch} was to Demand to have all their Land at halfe a bushill of wheate a 100 Acres—This we told them we hoped they would show vs such Limitaçon as well as the other full Authority—Their Lymitaçon they alledged they had not in writeing but by word of mouth, that we tould theme was vnfaire to have one Authority to p^rduce in order to treat and another Secrett w^{ch} they told vs not of when we entred into treaty—And such Co^missions and Authorityes wise and honest men have frequently refused as not fitt for honest men to execute—Soe this being their Termes and now haveing their words for it and nothing vnder hand besides the unreasonableness of the Demand—we found Cause to Disent from further Debate—They then Alledged as for all Quit Rents for Lands pattented they would pay

and other p^rten^ōns leave till it Could be otherwise Composed—wee then p^rposed to them that the Case should be fairely from ffirst to Last from the pattent of Governor Richard Nicholls to this Day—be stated wthout a Co^ment and to Leave the whole to any Lawyers Judges honest men or king and Councill for a final End—or if they had any other wayes to p^rpose Wee Desired them to offer it—vpon w^{ch} they not seemeing to Encline to any ffriendly End neither accepted nor rejected our p^rposi^ōn nor offered any other wayes or meanes to End or Determine the same but left vs, w^{ch} is the sume of o^r Conference.

In the afternoone the members of Elizabeth Towne came here in Councill viz^t Henry Lyon Benj^a Parkis and Isaac Whitehead and p^rduced their Towne Booke—and showed how in the year 1666 they had agreed and appointed p^rsons to make and settle 1^t 2^d & 3^d Lottm^{ts} for the equall and orderly Disposall of Lands w^{ch} Lotts soe settled were then ordered to be p^rsent to the next Towne meeting for approba^ōn by Search of the books the next or after Towne meeting there is noe Report of the Alottm^{ts} settled or Confirmed As for their p^rcedure that or any other way so that it might be equally Just wthall wee were ready not onely to Consent but Countenance and should allwayes be ready soe to doe—Inquiry was if they had any greivance wee weare ready to heare it haveing already redressed all they fformerly complained of—They alledged the [they] wanted a townes meeting in order to it—The Governor Answered that the [they] should have them as frequently as they Desired—in all other p^rts of the p^rvince the Justices of peace gave out warr^{ts} for the same—and so the Governor expected the [they] should Doe here—That the Assembly had Enacted how Justices of peace should be Co^missionated in persuance thereof by order of Councill, I made a Co^mission for Justices by their appointm^t the p^rsons now here, p^rsons who made the Law, p^rsons of most repute ability and Integrity I know in the Towne and that their Co^mission was long since published and that they have not

yet quallified themselves according to Act of gen'all Assembly, whatever is wanteing for Townes meetings or other matters where the people are Agrieved they takeing vpon them their office may remedy, And till then the fault lyes at their owne Does not mine.

The Governor and Council taking into their weighty Consideraçon the Message now sent from the Deputyes wherein it's Insinuated that the publick busines of the p^rvince Seemes to be obstructed, vpon w^{ch} account they p^rpose an Adjournm^t wee cannot but Declare our Sence that there Seemes not the Least Colour of obstrucçõ to p^rceed or Arise from the Governor or Council or by or from any in publick Authority wthin this p^rvince, And in asmuch such obstrucçõs are seene by or in the house of Deputyes of w^{ch} wee are strangers It's the Desire of this board the Deputyes would explaine themselves.. That such obstrucçõs may be removed. It being Dishonorable to the Govern^t that there should be obstrucçõs in the publick busines of the p^rvince. And that the gen'all Assembly w^{ch} is Composed of the Authority and Compact body of the peoples representitives should Desert the publick Service of the p^rvince in p^rsence of obstrucçõs and not by their power and Authority remove their obstrucç'ons, w^{ch} may (in the sence of this board) may most Tend to the Honour of the Govern^t and best Answer the Duty of the peoples rep^rsentitives of this p^rvince. Ordered that Captn Berry and Captn Sandford Carry this Message to the Deputyes.

The Request of Richard Hartshorne being here read And the reason therein offered wherefore he would bee excused for beareing the office of Sheriffe, being Duely weiged and Considered It is the sence of the governor and Council, That the like or more weighty reasons may be offered by any p^rson appointed for that office, and that noe p^rson in that County is

more Capable in respect of Estate or Capacity in vnderstanding fitter to vndergoe and execute the same. Therefore it's the sense of this board that according to Act of gen'all Assembly and in pursuance of his Com̄ssion hee take vpon him the execucon of high Sheriffe of the County of Monmouth

Messengers Thomas Johnson
John Curtis—

The Governor and Councill taking into Consideracon the Message this Day sent here from the Deputyes by Two of their Members vizt Thomas Johnson and John Curtis Cannot but Declare that as they have ever Endeavored so they still Desire there may bee a good vnderstanding and Correspondence kept between them and the Deputyes And as Conducing

thereunto this board has rather Condiscended to such words and termes (in passing of Acts) w^{ch} the Deputyes have vsed, then to Contest for other words or Termes more p^rper, yet we have had from the Deputyes many reflexions about words and wth too small reason, of w^{ch} this last Message gives further Instance Those who vnderstand English words Know that Insinuacon and Intimacon are Synanjmous Termes & Contrary to yo^r Centiment, what ever is reall, is p^rperly said to be Insinuated or Intimated, And it's the Desire of this board that the gravity of the gen'all Assembly may not be soe Debaced as to Contest needlesly about words, The Deputyes say that the Governer and Councilll have made severall offers that they would bee willing to Condiscend to the Doeing of those things w^{ch} appeare reasonable in Answer to the satisfieing of the Country, w^{ch} allegacon as this board acknowledge to be a great truth so it's the sence of this board that it has bin as faithfully p^rformed—And as a Demonstracon thereof—

1 There as [has] not one Bill bin sent from the Deputyes to the Governer and Councilll this or the late Session of the Assembly but has bin by vs accorded unto or our reasonable Amendm^{ts} or excepcons made and returned to the Deputyes

2 Altho there are now sev'all Bills sent hence to the Deputyes for the gen'all good of the p^rvince and they neither Concurr wth nor offer excepcons ags^t the same There is not one such before the Governer and Councilll.

3 There's not any greevance gen'all or p^rticular vnder w^{ch} the people of this p^rvince laboured, dureing the Govern^t of the late Governer Deceased, and Addressed to the p^rprietor's for Redresse, but wee have either most effectually Redressed the same, or Comissionated legall Courts according to Act of Assembly for their Releife.

4 As the Governer and Councilll are a part of the gen'all

Assembly of this p^rvince they Do Declare that now and at all tymes they are and shall be ready according to the accustomed Regular and Legall p^rceedings in Assembly to joyne in the Enacting and passing any reasonable Act or Acts of Assembly for the good and welfare of this p^rvince and the people thereof.

5 That after the Deputyes Allega^on that there has bin much tyme spent in Debates and nothing Don but what really seemes to the Deputyes rather an obstru^on then satisfac^on It tends much to the Quiet and Satisfac^on of the Governor and Councill that hither to they have not bin in the least occatione^rs of such obstruc^ons, And are fully satisfied that Justly they Merritt not the least Imputa^on of that nature but Evident Demonstra^on to the Contrary, therefore cannot but againe recomend it to the house of Deputyes to Joyne wth the Governor and Councill in a due p^rcedure in gen^l Assembly to remove these obstruc^ons, w^{ch} when effectually Don the season of the yeare may be taken into Considera^on in order to an adjournm^t as Desired.

Therefore as wee are members of one body wee Earnestly Desire what ever passeth between vs for the future may not bee Construed to the worst sence but that wee may amicably lay all misapp^rhen^ons aside and what remaines yet to be Don Either for the further p^rsecution of the affaires of this p^rvince or for Adjourn^t to a future meeting may be Don wth a ffreindly Correspondency Ordered That Captn Berry and Benj^a Price carry up this message

A Message left here last night after the Adjournm^t of the Councill & is in writeing viz^t

This house desires such a number of the Cōmitte as the Governor and Councill will please to appoint may meet five of this house in a Cōmitte to morrow morneing about 8 A Clock to Debate the Bills concerneing the militia and the p̄hibiting of selling of Drinke to the Indians

p^r order of the house

Eliz: Towne }
May 23th 1683 }

JOHN BOUND.

Ordered that a Cōmitte be appointed by this board to Con-fir^r wth the Deputyes as in their message is directed

Ordered that Captn Berry Captn Palmer and Captn Sand-ford go to the hovse of Deputyes and acquaint them therewth and that they also attend that service and make report of what they Doe therein to this board.

Captn Berry reports from the Cōmitte appointed that their Debate was onely on the two Bills above mençoned And first as to the Militia,—they Debated as to that Claus wherein by the second bill sent from the Deputyes the Townes are to nominate and appoint their own officers whom the Governor and Councill should Cōmissionate. The Deputyes said that the [they] would bee thankful if it would be granted, and if not they would not contend for itt.

As to the Claus being the p̄amble setting forth that by the Concessions the gen'all Assembly should by Act Constitute Train'd bands &c—to this the Deputyes objected that Such Claus was a Confirmaçon of the Concessions w^{ch} the [they] would not.—It was offered by the members of the Councill that wthout the Claus of the Concessions they have no power to concerne themselves about the Militia for that it is a p̄rog-ative due to the Governor and so is in all Govern^{ts} in America and it was replied that they did as respecting naturall Safety w^{ch} all were concern'd in—to w^{ch} they were answered that then they ought by Adresse or petiçon to have made their Desire Knowne to the Governor and Councill and not by Bill.

Vpon Consideraçon of the force of the matters Debated

about the Bill for settling the Militia it is the sence of this board that the recitall of the Claus of the Concessions is a truth and plainely and genuinely recited, and to sett forth in a Bill of gen'all Assembly the reason wherefore a matter comes in Act before the Assembly is necessary. espetially in settleing the Militia w^{ch} is a p^rogative and right in the Governor and Councilll if the Concessions gave not the priviledge thereof to the gen'all Assembly—Therefore it is the sence of this board that the Governor and Councilll ought not to Condisceud to passe that Act of the Militia wthout that p^ramble—the Gen'all Assembly haveing no power to settle the same but by the Concessions, And the Governør and Councilll are of opinion that al'tho the settling of the Militia bee a matter requisite for the quiet peace and safety of the p^rvince yet wth respect to the Concessions will not Doe it by their owne Authority untill there has been tyme and opp^rtunity given to the gen'all Assembly to settle the same according to the Concessions. And the Governor and Councilll do adhere to their Amendm^{ts} of the said Bill in all parts as they amended the same and cannot p^rceed vpon the second Bill sent here from the house of Deputyes, however the Governor and Councilll are willing and shall agree to a ffree debate wth both houses, if the Deputyes have reasonable Exceptōns agst the Bill as it was sent up from this board to them desire the same.

Captn Berry reports from the Co^mitte meet this Day about the Bill to p^rhibitt the sale of strong liquors to the Indians—The Members of the Deputyes insisted to have the Bill of p^rhibition to passe wthout any the p^rvisoes here inserted by the Governor and Councilll, vpon Considera^ōn thereof it is agreed that the Latter p^rvisoe shall bee waved and not insisted vpon by us, but the former wee adhere vnto and are ready to allow a ffree Conference of both houses to hear their reasonable excep^ōns agst the same, if they have anything to offer agst the same.

A Bill sent here from the Deputyes Entitled an Act concerning Juryes wth being read and Considering that the Bill p^rvides for greivous punishm^t of Sheriffes for misbehaviour in their office before any p^rvision made by Act of Assembly sufficiently to punish such p^rsons as shall not take vpon them the office of Sheriffe when Co^missionated which p^rvision in the latter before the former is to Deter p^rsons from beareing that office and obstinately to refuse the same. Therefore it's the sence of this board that a short Bill be drawne up by the Governor and Councill to punish such as shall refuse to execute the Sheriffes office when Co^missionated, and send to the Deputyes for their Concurrence, that the same being passed into Act wee may consider of the Latter in it's due place and order of tyme—ordered that Captn Berry and Captn Palmer carry this Message to the Deputyes

A peti^on from Marie Pope for meadow to be laid out wth her Land agreed that the same be read when Sam^l Groome is here.

A peti^on from the Deputyes for Piscattaway Desireing a grant of all the Lands wth in the Indian purchase for ffourteen pounds p^r Ann—was here read—And Edw: Slater and John Gillman being then p^rsent they were Answered that their request was not intelligeable the quantity of Lands wthin those bounds being vncertaine That if the Land were Surveyed that we might know the number of Acres, and they then desired a Charter for the same, wee would inquire into their p^rposall and give o^r Answer, for these reasons at p^rsent wee could not.

A Message left here last night from the Deputyes wth the Bill Intituled an Act to punish such who take not vpon them the office of Sheriffe when Co^missionated wth the Deputyes amendm^{ts}. The Message as followeth.

The reasons why the house of Deputyes cannot submitt to the Bill sent from the Governor and Council as it is there stated about the Sheriffs refusing their office when Co^missionated is, That the p^rvince being as yet in his minority and most of the ffreeholders of this p^rvince being but men of meane Estates, This house thinkes that such a fine may tend to the great impoverishing of the families of some that are or may be Chosen to the office of Sheriffe and therefore Doth humbly offer this their Bill

May 25th 1683

p^r order of the house
 JOHN BOUND

Vpon reading and Considering the Message yesterday sent from the Deputyes relating to the Bill to punish such who take not upon them the office of Sheriffe when Co^missionated and the Deputyes Altera^{co}ns or Amendmen^{ts} of that Bill It's the sence of this board

1st That the gen'all Assembly haveing passed a Bill that in Each County of this p^rvince there should be a Sheriffe, and for that for the necessity of it, w^{ch} they Declare their Reasons for that Bill.

2 That insomuch as the office of Sheriffe is one of the greatest office of Trust and power in Each County in this

p^rvince, And therefore ought to be of persons of most ability in Estates and Capacity in understanding

3 In that it is judged that their Miscarriage in office ought to be grievously punished not onely to answer for their Miscarriages to the king, but to satisfie all p^rsons who shall suffer p^rjudice by their Misdoeings

4 That Considering the Cost and Charges of calling Councills for Chooseing and Comissionateing such officers from tyme to tyme hath hitherto bin and must be boorne by the Governor and Govern^t and not by the p^rticular Countys till it's otherwise p^rvided.

5 And the amendm^{ts} the Deputyes have made to the Bill will rather Encourage p^rsons of Estate Ability and Capacity obstinatly to refuse then to take vpon them the office of Sheriffe.

It's the sence of this board that for these reasons and what other is contained in the said Bill by vs sent vp That we cannot in Justice or honour to the Govern^t condescend to the amendm^{ts} made by the Deputyes to the said Bill but for the said Reasons do adhere to the bill as the same was sent vp, And Desire the Deputyes Concurrence thereto—otherwise the Governor and Councill shall be ready in a ffree Debate of both houses if the Deputyes agree, thereto vindicate the same or receive any matter or thing the Deputyes shall offer ag^t the said Reasons

And this board takeing into Consideraçon the Bill yesterday sent from the Deputyes Entituled an Act concerneing Jurys, Do Declare as their sence that every false and malicious act or thing Don by a Sheriffe or Bayliffe they are punishable for the same wthout any Act made, but it seems unreasonable to this board 1st That the Deputyes should offer a Bill to Inflict greivous punishm^{ts} vpon an officer Comissionated before any p^rvision is made for Sallery or Reward for such officer for the Doing of his office.

2 That whilst the Deputyes p^rpose an inconsiderable fine to be imposed on an officer for wholly refusing an office w^{ch} is Declared of necessity—They should appoint greivous punishment for a Miscariage in that office, and for Acts that are neither malitiously or knoweingly Don, The Consequence of w^{ch} is rather to Deterr and discourage p^rsons from beareing office then officiateing such as are Declared by Act of Assembly to be of necessity in this p^rvince

All w^{ch} the Governor and Council are ready to maintaine in a ffriendly Debate wth the house of Deputyes, if these our reasons in writing give them not plenary Satisfacōn

ordered and Agreed That Captn Berry and Captn Palmer carry up the said Message and call of the Deputyes for their Concurrence to Sev^rall Bills sent to them from the Governor and Council now remaineing wth them to w^{ch} the Deputyes haveing not returned Answer according to the Rule and Custome of gen^rall Assembly's viz^t The Bill Entitled an Act for the Militia. The Bill Entituled an Act to p^rvent the Sale of Strong Liquo^rs to the Indians. The Bill to Regulate Treaties wth the Indians. The Bill for makeing and setling of high wayes passages bridges and fferryes wth in this p^rvince.

Vpon Consideracōn of the Bill this Day sent from the Deputyes to p^rvent the raising or imposeing any tax &c upon the people of this p^rvince but by Act of gen^rall Assembly—It's the sence of this board that all the matters to be p^rvided for in the said Bill are already sufficiently p^rvided for and the lib^{'ty} of the ffree people of this p^rvince amongst other things fully secured by the gen^rall Concessions of this p^rvince.

The petiçōn of Mary Pope to have a p^rporçōn of Meadow to 100 acres of upland alread laid out—vpon Inspecōn of the Booke of Record of this p^rvince it appears that the 28th of March 1676 there is a warr^t to lay out for John Pope a 100 acres of vpland and meadow in p^rporçōn—It's ordered that vpon the petiçōⁿ paym^t of the arrearages of Quit Rents and takeing a pattent she may have a warr^t to lay out the

Meadow Desired and it's referr'd to the Deputy Governor and Surveyor gen^rall to see the same effected.

The peti^on of Jane Ogden for 300 acres of Land in Elizabeth Towne for her husbands rights according to Concessions It's ordered that it be referred to the Deputy Governor and Surveyor gen^rall to examine what Lands have bin laid out or taken vp by the husband in his life tyme—That according to Concessions she may have her just rights

The peti^on of Robt Stivers Blacksmith of Elizabeth Towne for Lands according to the published Concessions of the p^rsent Lords p^rprietors—It's ordered that the Surveyor gen^rall lay out such p^rportion wthin the bounds of Elizabeth Towne according to the Tenor of the said Concessions and that the Deputy Governor issue out a warr^t to the Surveyor gen^rall Accordingly.

The peti^on of Benj^a Price Jun^r of Elizabeth Towne setting forth that in the yeare 1676 he had a warr^t from the late Governor and Council to the then Surveyor gene^rall to lay-out for him 90 acres of vpland and meadow in p^rpor^on w^{ch} hitherto hee Could not p^rcure to be laid out for him—It's ordered that the Deputy Governor issue out his warr^t to the Surveyor gen^rall to lay out the said Lands wth in the bounds of Elizabeth Towne according to Concessions.

The peti^on of Daniel Hoop to have the Land ordered him in March last vpon the Raritan River to bee Survey'd, It's ordered that the Deputy Governor issue out his warr^t to the Surveyor Gen^rall to Survey the same Land in order to the p^atenting the same.

The peti^on of Joseph Ogden Son of John Ogden deceased of Elizabeth Towne to have 90 acres of upland and meadow in p^rpor^on wthin the bounds of Elizabeth Towne according to a warr^t formerly granted by the late Governor Phill Carteret Esq^r and to have the same laid out as hee has formerly pitch't upon. It's referred to the Surveyor gen^rall to Inquire of [if] the same land by him pitch't vpon be not in p^rjudice to any others right—and report thereof to the Deputy Gov-

ernor, it's referred to him to issue out a warr^t to survey the same in order to the pattering thereof according to Concessions.

The petiçon of Henry Greenland now read the Contents whereof were to appeale to the Governor and Council to Correct the Errors of a Jüdgm^t had ag^t him in the County Court of Essex at the suite of Edward Slater, vpon w^{ch} were a writt of Error into the Court of Co^mon Right and Judgm^t there affirmed Vpon Debate and Consideraçon thereof it's the sense of this board that the Governor and Council cannot Judicially as Governor and Council Correct the Errors of a Judgm^t affirmed in the Court of Co^mon Right nor have power to Doe the same.

A pap^r brought here by the hands of Stephen Osborne and John Arent Subscribed by Isaac Whitehead and by him writt by order of the Co^mitte or p^rsons Deputed by the Towne w^{ch} pap^r was as followeth viz^t—

W^{ch} being Read and Considered the whole matters alledged being neither Matters of Record but meere Allega^ons it's not knowne to the Governor and Councill Therefore that a due Considera^on may bee had to the matters offered and that the p^rsons Addressing here are Interested therein It's the sence of the Governor and Councill That the Addressors here to this board Doe bring here the pattent of Governor Nicholls vnder the hand of the said Governor and the seale provintiall by w^{ch} he made such grant as is alledged That then the matters further Alledged may bee taken into Due Considera^on and such order and agreem^t made therein as may be Consistant to Justice and Equity—

The peti^on of James Graham and Sam^l Winder in behalfe of themselves and Associates here Read setting forth that the Governor and Councill Did formerly grant a warr^t Directed to the Surveyor Generall to Survey a Tract of Land mentioned in the s^d warr^t lyeing on the Raritan River w^{ch} warr^t was Delivered to the Surveyor generall and hee refused to yeild obedience thereunto—And Sam^l Groome the Surveyor Generall comeing here in Councill and being Desired to execute the same according to his Duty and his Co^mission either in his owne p^rson or by a Lawful Deputy—And it being vrg'd to him that the warr^t of Survey was neither to Determine the proprietors Right unto the sevenths nor to Determine any other p^rsons rights or p^rtentions—And that neither by the Generall Concessions nor by the Governor and Councils Co^mission or Authority it lay in them to grant a warr^t to appropriate a Seventh to the proprietors by and in their warr^t of Survey but onely to grant warr^{ts} for survey But that the Tract of Land being in the hands of the peti^oners before the p^rsent propietyo^rs Arivall here or Interest in this province

it's necessary to know the quantity of Acres therein that the same may be appropriated wth Respect to the Interest of the petiçoners proprietors and others concerned And it appearing to this board that the s^d Sam^{ll} Groome has not quallified himsele or any Deputy Surveyor to Execute the Just warr^{ts} of this board—It's ordered by the Governor and Council that in pursuance of the order of this board of the 31 3-mo last Phillip Wells bee Deputed and appoint A Deputy Surveyor of this Province and that the Governor make him a Coñis-sion for that purpose and that the s^d Deputy Surveyor being quallified according to the Concessions That hee execute the Orders and warr^{ts} of the Governor and Council the said Sam^{ll} Groome p^remtorily refusing the same in Contempt of this Board—It's therefore agreed and ordered by the Governor and Council that the Deputy Governor issue out his warr^t for survey of the said Tract of Land that the same may bee disposed and pattented according to Justice and Equity to the Respective p^rsons haveing Right therevnto.

The Deputy Governor proposed a matter to the Council for their Advice—viz^t—That in Conference wth Sam^{ll} Groom about a Treaty wth the Indians for a Tract of Land on the Raritan—The D^t Governor alledged that it was most safe to make out Survey and know the quantities. of Land before any Treaty for purchase Sam^{ll} Groome alledged hee had seene the Land and would Treat Contract and agree before markeing or surveying out the Land, whereupon the Council Advised vnanimously that in makeing any purchase of Indian Right the same should bee marked and Surveyed not onely before paym^t but alsoe before any Treaty Contract or Agreem^t wth the Natives

Agreed and ordered that the grant lately had from the Duke of yorke to the proprietors bee Entered upon Record.

 viz First y^e bill about town meetings haveing unlimited

Att A Generall Conference of both houses The Gover^r told The members of y^e house of Deputyes that he & y^e Councill Expected to see the letters w^{ch} they said they were writing to y^e prop^rs for if they be Concealled it seems to be because they Complain of y^e Government or Else writts untruths and mistakes w^{ch} if they do not they ought to Communicate their letters for he & y^e Councill are very ready & willing to Joyn in and assist in every thing w^{ch} may any way tend to y^e Generall good of y^e province and unlese they writt Jontly to y^e prop^rs how Could they expect to effect any thing. M^r Speaker answered that they had nothing to Complaine of agst y^e Gover^r & Councill nor would they willingly writt any thing but what was true and if they should Complain of y^e prop^rs themselves they hoped it would wrong no body. The Gover^r desired an answer to y^e proposall in writing w^{ch} M^r Speaker refused but if the Gover^r & Councill pleased he would speak what he had in Commission from y^e house upon that Subject, Viz :

i To y^e first article of y^e proposalls (to witt y^e raiseing of a peice of money for Encurraging of y^e Souldiers Come from

England for defence of y^e frontiers) They say y^e Country is in great arrears of quitrents & have don a great deal already and y^e Gover^r of New-Yorke refused 500^{lb} offered by that province w^{ch} had it been needfull they think he would not have denyed it. The Gover^r answered y^t y^e Country may as well Complain of their particular debts as of y^e quitrents y^e one being as truely due as y^e other and y^e Gover^r of New-Yorke had refused y^e s^d 500^{lb} not because it was not needfull but because that bill was burthened wth other things w^{ch} he Could not in honor Grant.

2. To y^e Second (to witt y^e raiseing a peice of money for Clearing of our ports at home) They Say that y^e Country have payed their quitrents or are to pay them and therefore y^e prop^rs ought to open y^e ports and y^e Country have been at 800^{lb} Charge to Support y^e frontiers & y^e prop^rs have don nothing and if they were in a Capacity to raise a peice of money for this end they are but tennants at will & ye prop^rs may Surrender y^e Government to y^e Crown when they please they haveing no Certainty of y^e Government.

3 To y^e Third (to witt The proposeing a method for Collecting y^e quitrents wthout truble & Charge to y^e prop^rs) they say if they Cannot Compell y^e master to pay they cannot Compell y^e Servant to Serve. To y^e 2^d & 3^d the Gover^r answered y^t if y^e Country had alwayes payed their arrears of quitrents as they ought to have doon and Supported y^e Government The prop^rs would never have desired their assistance on these two heads.

4. To y^e fourth (to witt y^e proposeing a fund for y^e future Support of y^e Government) They say that they have taken care for one year and they have no Certainty for any longer time of y^e Government, The Gover^r answered that they ought at least to have Continued it for so long time as y^e prop^rs keep y^e Government it being their own Interest so to do, and as to y^e bills y^e Gover^r told them That he believed that about y^e Lum-

ber act would amount to a Monopile & therefore Cannot pass it till he writt to y^e prop'rs & have their answer as to y^t about Attorneys it would have a very ill aspect & arraign y^e Ignorance & partiality of our Courts as to y^e money bill of 150^{lb} for Support of y^e Goverment if they thought that he must pass all y^e rest only for y^e Sake of that he would return it also tho he Judged it lame also being only for one year w^{ch} ought to have Continued at least so long as y^e proprietors keep y^e Goverment and as to y^e rest he would Consider of them.

A Message by James Dundas & Thomas Gordon Clerk of this board desireing a Comittie of that house to be appointed to meet two of y^e Councill to Conferr upon Some of y^e bills Sent this board to witt Andrew Bowne & James Dundas from this board were appointed to meet Edward Earle Richard Berry & John Enslie and after a full debate they returned & reported to this board That they had agreed on y^e amendments of y^e bill for translateing all Conveyances out of forraign Languages into English.

A bill for raiseing 150^{lbs} for Support of y^e Goverment was read here & past this board & y^e bill for translateing Conveyances out of forraign Languages into English was read here & past this board.

A Message by James Dundas & Thomas Gordon Clerk of this board wth y^e Six bill[s] w^{ch} are not past this board returned to y^e house of Deputyes & to acquaint them y^t y^e money bill & y^e bill[s] for translateing all Conveyances out of forraign Languages into English were both past this board and also to Inform them that y^e Gover^r and Councill had writt to y^e prop'rs in England w^{ch} letter they had ordered y^e Clerk of this house to read publickly in y^e house of Deputyes to Show them that this board are neither ashamed nor affrayed to own publickly what they do notwithstanding y^t house had denyed y^e like Civility to this board w^{ch} letter y^e sd Thomas Gordon Clerk of this board did accordingly read publickly and also acquainted them that y^e Gover^r & Councill desired to know if they had any further business to do for y^e Country at this

time for if they had they should be adjourned for some Convenient time otherwise they should be dissolved and desired that whole house to attend y^o Gover^r & Councill presently

The house of Deputyes attended y^o Gover^r & Councill and M^r Speaker told y^t he was ordered to give y^o thanks of that house to y^o Gover^r & Councill for their favour in Causeing read to them y^o letter w^{ch} they had writt to y^o prop^rs in England and said that they knew of no further bussiness w^{ch} y^o Country had at this time and ordered y^t y^o Secretary do record the two laws * that are now made & transcribe 4 Copies viz: one for each County & that John Pike when ready do wth y^o Secretary revise & examine them and then the Gover^r dissolved y^o assembly and y^o assembly was dissolved accordingly.

Virginia upon the 22^d of May. I called A Councill In Each Province & produced their Lordsp^r Letter together with the papers Inclosed.

As the Barbarous & wicked designes against the sacred person of A prince who so often shews himselfe at the head of his Armies, The only oppertunitie A generous Enemie could desire, created detestation & Abhorrence, So the happy disappointment of it by the good providence of God, And the defeat of the Enemies Attempts against his Majesties Kingdomes & Government was a matter of great Joy. I have therefore with Advice of councill of both East & west Jersey Appoynted a Solemn day of thanks giving In Each Province upon which I am well Assured the unfeigned thanks of All the Inhabitants will bee offered up to Almighty God for so great A deliverance, & all imigineable Expressions of Joy upon so solemn an occasion

 “Motto on the coin of y^e united Provinces, that have from
 “poor distressed States in a little time raised themselves to
 “be the Companions of the ancientest Monarchies Concordia
 “parva res crescunt; & the Same in practice may in time
 “render us not the Scorn but the envy of our Neighbours,
 “whilst they by their mutual jarrs shall, tho’ unwillingly
 “largely contribute to our prosperity.

“Let us then resolvè to be unanimous in Seeking out what
 “is for our generall Interest at this juncture, & both Speedy
 “& resolute in y^e accomplishment of it, nothing being more
 “commendable in a State, then constancie to their resolutions,
 “& celerity in all their Actions; by the one they disanimate
 “& by the other they prevent the very designes of their
 “Enemies.

“In our Search then after that which may tend to the
 “Interest & honour of this Province, I must commend to
 “you, the removing those obstructions that hinder the trade
 “thereof, this being the Source & Original of almost all our

“other misfortunes, for as nothing can more tend to the
“enriching a people & province, then trade, So nothing can
“more impovrish & debilitate it, then those Obstructions
“that are layd in y^e way of it; the growth of Amsterdam is
“only to be attributed to y^e trade thereof, & that Philadel-
“phia hath grown to So great a height in less than half the
“time that this Province hath been Settled, is easily to be
“accounted for: God & Nature have done their partes in
“givinge you (I may Say) almost an unparalell’d advantage
“over the last in respect of Situation, & it is not to be ques-
“tion’d but your growth would be proportionable, would you
“Sedulously apply your Selves to the removals of our un-
“happy hinderances; And in this give me leave to tell you,
“that this business well timed & begun is half ended and if
“I am not mistaken, we can never propose to have a more
“happy juncture, a more critical time wherein to prosecute
“to advantage this great affair; Your resolutions & Zealous
“Espousal of this cause will greatly advance the main of it,
“& prove a disanimating circumstance to your opposers,
“neither shall I doubt of Success, Since we are to make our
“application to those Laws for our relief, whose chief Minis-
“ter is so far from wresting them to the disadvantage of the
“Subject, that he hath given us the most noble testimonies of a
“firm resolution to hazard a life of invaluable worth to pre-
“serve us from tyranny, & an arbitrary construction of them.

“Some things are necessary to be consider’d in order to y^e
“well doing of this work, Justice, as the first mover & effi-
“cient facility as the instrumentes & profit as the final cause,
“the first of these hardly admits of a dispute from our Op-
“posers, It is Excellence in that very proclamation which
“seems to strike at our trade, givinge the cause away to us in
“ascribing the legal Establishment of ports to be in y^e Com-
“missioners of the Customs under the direction of the Lords
“of the Trea’ry, which establishment we have an undoubted
“and undeniable proof of, not only in instructions to that
“purpose but in their placing an officer to collect the Kings
“Revenue, in whose Commission the direction of y^e Lords of

“the Trea’ry to ye Com^{rs} of y^e Customs per their warrant is
 “recited: but indeed the Law of Nature & Nations Seems to
 “argue strongly for our right, it being no less than imprison-
 “ing of us in our habitations, if denied our Egress to or our
 “regress from them, & how unreasonable this must be to be
 “punished when inocent will be evident to every unbiassed
 “person.

“Having then justice as the basis & foundation of our
 “design, tho’ we shou’d be forc’d to wade through some diffi-
 “culties for y^e obtaining of it, the Profit in y^e Conclusion
 “would abundantly overballance the charge, but I see no in-
 “superable difficulties to contest withall: The path to our
 “desir’d Port is already trodden & none I hope will be so
 “slothfull to desist, from the fears of there being a Lion in y^e
 “way.

“We have some of us long wished for an opportunity of
 “trying this contest by a due Course of Law, you have now
 “such an oportunity put into your hands, that if once slipped
 “may perhaps never be again retrieved, a Ship loaden for an
 “Outward bound Voyage against whom our Enemies them-
 “selves cou’d have no pretence, having if I err not, three
 “times tryed her in their own Courts, where they might justly
 “be said to be both Judges & party & yet too clear evidences
 “of her freedom appeared that contrary to their interest & in-
 “clination, they were forced to clear her; Yet this very ship,
 “loaded with wood & water necessary provisions that
 “we wou’d allow to a Turk or Infidel, is by a Commission
 “from his Ex^{ty} forcibly carried away tried, condemn’d &
 “sold by them for not entring & clearing at y^e Port of New
 “York; True it is, she was soon after her capture profered to
 “me again on the payment of an inconsiderable charge, which
 “occasioned me to consult both the Council of y^e Province &
 “the Council of Proprietors about that proposall, & they are
 “my Evidences that in it I never consulted my own, but your
 “Interest, never inquired what wou’d conduce most to my
 “private advantage, but what might tend to the benefit & ad-
 “vantage of the Province, which according to their Opinion

" I pursued, leaving both ship & Cargo in the hands of the
 " Captors, to be proceeded wth as they thought fit. Now hav-
 " ing my recourse to you, for your Assistance in y^e recovery
 " of my right, unjustly & violently carried away, & after by
 " me neglected or rather sacrificed to your Interest, by which
 " you will not only engage the endeavours of one that looks on
 " nothing more dear to him, then the Interest of his Countrey,
 " & hath in this given no mean Instance of his resolutions to
 " Serve you ; But you have the fairest prospect of attaining
 " your desired end, the clearing your trade from its hindrance
 " & Obstructions, & given the greatest encouragement to other
 " Merchants to venture their Stocks in Trade amongst you,
 " when they See you generously defending of them.

* No meeting was held in March. See page 283, *post*.

Cap^t Andrew Bowne came before this board and acquainted the Governour, that he had a Commission from the proprietors in England to be Governour of this Province of East New Jersey* The Governour acquainted him that he had a Letter from the Proprietors residing in this Province & Neighbourhood, whereby they desired to be present at the opening of the Commission And they were accordingly called in.

David Lyal one of the Proprietors Acquainted this Board, that he had seen said Bownes Commission a few dayes before, and that he perceived it was Defective as not being signed by so many hands as make a Majority even of the Proprietors that reside in and about London, that he therefore had good reason to Suspect it to be Surreptitious & without the knowledge of the other Proprietors, and that it was a juggle put upon most of those unwary Proprietors that signed this Commission by one Salter, that he had acquainted his fellow Proprietors residing in this Province of it, & that they had formed a protest against it under their hands which he gave in at the Table, and desired in behalf of himself and the rest his Fellow Proprietors, that the same might be read and Entred, which was read accordingly

Cap^t Bowne desired a Copy of the Protest which was ordered to be given him.

The Governour told Cap^t Bowne that he had heard y^e Protest read, & desired to know what he had to answer to it.

He Replied he would answer no Questions, If the Proprietors in England had sent him a lame Commission let them see to it, But that he was resolved to publish it.

The Governour told him that, as the Government of the Jerseys was not so desirable a thing as to be Courted, yet that since the Commission appeared Insufficient for said Bowne to act by, he could not warrantably surrender it, which would be to leave the people without Government, & by Consequence to fall into disorder & Confusion.

That he had received lately a Letter from M^r Secretary Vernon (which was produced at the Board) Signifying the Kings

*See N. J. Archives, II., 385, 416.

Pleasure, that he should know of the Motion of a French Squadron of Men of Warr, bound for the Spanish West Indies, & that he take all Necessary care for the defence of the Provinces under his Command in Case of any Attempt to be made upon them. That if he surrendered the Government, He was disabled of Executing the Kings Commands by the Secretary of State, & that Cap^t Bowne was not qualified by this defective Commission to execute them, That since the Publication of this Commission (Though he did not apprehend it would supersede his Commission, Since no Commission could supersede his, but such a one as was Sufficient to Act by) might be a handle to licentious people to cavil at, he advised him not to publish it. Notwithstanding the said Cap^t: Bowne went out & Said he was resolved to publish his Commission The Governour and Council went also out, & the Governour protested against the publication of it, & if he would pretend to publish it he would declare it a Riot, Said Bowne bid him punish him then. The Governour Replied he questioned not to find a Time to do it, tho he now valued himself upon the Mobb at his heels. The said Bowne caused read off his Commission. The Gover^r & Council went away.

ORDERED That A Letter be written to the Proprietors in England Acquainting them of the Reason why they advised the Governour against Surrendring Surrendring [*sic*] the Government, viz^t: that the Commission appeared defective, & that several of them selves had heard M^r Roysse & M^r Walkker say they did not value Cap^t Bownes Commission of a Farthing, or such like words but that it answered their End, if it superseded Coll^l Hamiltons, by which in probability it appeared that the use of the Commission to Cap^t Bowne, was only to supersede Coll^l Hamiltons, & then to throw up his own Commission as defective & to lodge the Government in the People, for want of necessary powers from the proprietors in the Province to appoint a Governour

To prove y^e 8th article M^r Willocks produced a letter to John Canington dated 11th Nover^r i690 Signed Will: Dockwra a paragraph of w^{ch} is as followeth "Above all y^t you "Joyn on all occasions wth such other friends y^t may assist & "give their advice about getting out orders for all y^e remain- "ing land y^t is due to me & in Cheife good tracts and that the "Surveyor be made a fast friend.

To prove y^e 9th & 10th articles M^r Willocks produced y^e affidavitts of Thomas Gordon & himself taken before this board as is above written.

Then all persons who were not members of this board were

ordered To withdraw. And upon Mature Consideration of y^e premisses It is y^e Opinion of this board that M^r Willoks has made good y^e Severall articles of his Charge Against sd W^m Dockwra partly by Instruments under his hand & Seal of y^e province & partly by oath of wittnesses. Ordered that y^e Clerk of this board do draw up a Copie of y^e abovesd Information & Charge agst sd Dockwra & y^e proof of Every article at Large wth all Convenient Speed to be sent to y^e propr's in England under y^e province Seal &c. that said Mr Dockwra may have opportunity to make his defence &c.

A petition was presented & Read before this board from y^e propr's Residing in and about this province praying that seeing it appears y^t M^r Dockwra is a man not fitt for so great a trust y^t this board would suspend him from his office of Chiefe Secretary & Reg^r'r & from y^e perquissitts & profitts thereof untill y^e propr's in England be acquainted & their minds known therein and y^t in y^e mean time he y^t shall be put into sd office may be obleidged to find security for his faithfull discharge of sd office. In answer to w^{ch} petition it is y^e opinion of this board y^t if y^e Instrument w^{ch} was produced under y^e hand of sd Dockwra & Seal of y^e province be genuin; there Can remain no doubt of y^e Reasonableness, of Suspending him thereby directing y^e Records to be defaced; yet being willing to give him an opportunity to make his defence wee have forbore Suspending him Recomending to y^e propr's in England y^t unless he make appear y^t y^e sd Instrument dated y^e 14th Septr i686, be fictitious & false they dismiss him of y^e sd office of Sec^ry & Reg^r'r The Estates of the Inhabitants & others Conserved being very precarious under y^e Custodie of a person Who has made so unjustifiable a step. And in y^e mean time; Ordered, that the Records of all publick papers & Instruments, be kept in ye Custodie of Thomas Gordon, y^e present Deput Secretary, untill y^e sd Dockwra acquitt himself of y^e above Charge.

The following representation of the Liev^t Govern^r & Council to her Maj^{ty} was this day Signed in Council and is as followeth

To the Queens most Excelent Majesty The Humble representaçon of the Liev^t Govern^r and Council of New Jersey.

May it please your Majesty

The Deplorable Condiçon of y^r Maj^{ties} Province being a Subject Worthy your Maj^{ties} Consideraçon makes us presume to Lay at your Maj^{ties} Royall Feett this following representation and we are the rather Encouraged in it at this time from our Aprehensions of Gaining Creditt with your Maj^{ty} when You Shall find y^e Truth Corobrated by the Testimony of the Hono^{ble} Coll: Francis Nicholson and Coll: Samuel Vetch who dureing their Stay in the Collony have been Witnesses of our Divission Nakedness and Disobediãce to your Maj^{ties} Comands from the prevelency of A Sort of People amongst us who Tho' not above one Sixth of the Inhabitants of the Province yett by a peculiar Address and a Religious Cunning Enfluence To many well meaning men with most

Rediculos and Injurous principles Such as are Contrary to Civill Governm^t prejedishall to your Maj^{ties} Honner and Dignity and the Safety and Welfare of the Country Your Maj^{tie} will Easily perceive we mean the Quakers whose Mischievous Practices in this Collony have been by us formerly represented to your Maj^{tie} in severall particulars but Waving them at present Shall Instance only in one Single Ac^ōon of theirs which has been and wee are afraid will Still be Attended with many Unhappy Consequenses The Honob^{le} Coll: Nicholson and Coll: Vetch having in Obedience to your Maj^{ties} Comands Laid before our Present Assembly the Necessaty and Advantage of raising men & money to carrie on that Glorious Expedi^ōon agst Canda Expected as we did ourselves and whole Country their ready Compliyance in an affair of that Nature Soe highly redownding to y^r Maj^{ties} Glory and the peace Welfare and prosperity of this and our Neighbouring Governm^{ts} the Assembly having under their Considera^ōon the proper Measures to be taken for Carrying on the Above mentioned Expedi^ōon Could not Come to any good Conclusion by reason of y^e Opposition of the Quakers who are at present Numerous in that house and have declared their principles and what your Maj^{tie} and ye Country May for the future Expect from them by an Entry these people desired might be made and which was done Accordingly in the Minutes of the Journall of the house of Representatives which wee Shall Lay before your Maj^{tie} in the words that now Stand Entered there Vizt

M^r Gardiner in behalfe of himselfe and the rest of the Members of this house that were of the people called Quakers Desired the following entry might be Made (Vizt) the members of this house being of the People Called Quakers have allways been & still are for Raising of Money for Support of her Maj^{ties} Govern^{ts} But to raise Money for Raising of Soldiers is against their Religious principles and for Conscience cannot Agree thereto

From hence your Maj^{tie} will perceive how fitt Such men are to be Admitted into your Maj^{ties} Councill the Assembly

or any place of Trust in the Governm^t and with humble Submission we conceive that Unless the Quakers are restrained from the management of Publick Affairs as they are in Great Brittain and Are Oblidged to Act Conformable to these many Good Laws made for that purpose Your Maj^{ties} can never Expect to see an end of the Confusions & Divissions which have Soe Long Reigned amongst us nor Your Maj^{ties} Governm^t Hono^{ble} Supported or Defended and though we Lye open to the Insults of our Enimies both by Sea and Land yett are we soe Cramp't in our Militia that 'tis impossible wth Vigour to proceed to our Necessary resistance and that the Nakedness and Weakness of this Unhappy Province May yett further be made Aparent to your Maj^{ties} there is not any the Least Provision made for the Incident Charges for the Governm^t not one farthing to pay a Messenger or Express Dispatcht upon the most Extrordinary Occasions neither has the Governm^t Creditt Sufficient to subsist the Indians Tho' but for one day much less to purchase a Matchcoate to present them with when they are Sent for to a Treaty for your Maj^{ties} hon^r & the good of y^e Province

The house doth presume that her Majestys Instructions to her Governours is the Same in this Province as in New Yorke and find it to be the Constant Stile the Acts of New Yorke are passed In and it has been the Practice here in the Lord Cornburys Lord Lovelaces and his honors the L^t Governors Government and if the Instructions may be dispenced with at Some times we know No reason why they may Not Now

2 Reason And as for the bill recited in the reasons offred by the Councill the house finds that the Stile there & the Queens instructions are Not the same though Agreed to by the Councill

Wheras this house of Representatives for the Province of
New Jersey of which house we whose names are underwritten
being members and Representatives for the County of Mon-
moth did Vote against the passing of A bill Entituled an
Act for the raiseing of three thousand pounds for her Majes-
tys Service att the Request of M^r Speaker made an entry in
the Journall of the house of our Voteing against the bill A
thing we presume without president In any house of Repre-
sentatives in Any of her Majestys Collonies In America or in
the house of Commons In the Parliament of England* which
entry We believe to be made for no other end but to Over-
Awe us or to render us to be persons unwilling to obey the
Commands of our Sovereigne and the promoteing So great
and Noble a designe or att least to be men Inconsistent with
our Selves butt we declare to this house and to the world that
when it was first mentioned In this house we then were and
Still are & hope ever Shall be willing to Obey the Commands
of our Sovereigne and have & still shall endeavor as much as
in us lyes to promote So great and Noble a Designe which if
efected will Conduce to the honor of her Majesty and the
peace Quiett & hapiness of her Subjects here In America
Provided it may be done soe as to awnswer the end for which
it is designed for which We Conceive that bill Could Never
doe as it was then engrossed We then did and againe doe
offer our Reasons and humbly pray they may be entred in
the Journall of the house

As followeth

*The practice of recording the names of members of a parliamentary body, with their votes for or against a measure, is of American origin; it was provided for in the North Carolina constitution of 1776, and in the Continental Congress in 1777.—*Cushing, 407.*

1: That the Act to us Seems to much Restricted to Volunteers by these words towards the raising & Supporting two hundred Volunteers and to no other use or purpose whatsoever so that if a sufficient number doe not offer themselves that their Should be Necessity of A detachment the men detached seeme to be wholly excluded [from] having any encouragement or or [sic] supply thereby which was Occasioned in the Committy of the whole house where the Question was putt for a Detachment & Caried in the affirmative but M^r Gardiner then Chaireman of that Committy takeing upon himselfe to Vote and Voteing made the number equall & So Reported it to the house without any notice taken of that Irregularity by the Speaker

2^{dly} That no care is taken or provision made for the encouragement of Officers ten pound being Allowed to every Volunteer be he Coll Captain or private Centinell

3^{dly} That there Is no penalty layd on those who shall Neglect or Refuse to give in their estates or on them that shall Conceale part thereof

4^{ly} That there Is no penalty laid upon the managers in Case of default or Refusall to officiate in their offices

5^{thly} That there Is no care taken to Supply Vacanecys in case of refusall Death &c

6th That the money Is to be Lodged in the hands of M^r Forster in Amboy had we no other Reasons within our own brests which We thinke our Selves not Obleidged to declare against the lodgeing the money in the hands of M^r Forster in Amboy yet the Reasons the Representatives of that Towne gave upon the account of raising men we thinke Sufficient to Justifie our Voteing against the bill Vizt they are in more danger of the French then We in the County of Monmoth notwithstanding Severall of the Inhabitants thereof have been plundered by the French Privateers two years together

7^{thly} That we ware not Allowed freedom of debate M^r Speaker who Generally Speaks & debates more then any member in the house told us that we must look upon him & direct our speech to him & No other which when We did he

with others would interrupt us to that degree that We have been constrained to offer our Reasons again & againe and Not heard at last

Lastly: That the last Clause in the Bill was brought by the Speaker & putt into the bill after Ingrossed being Read and putt to the Vote but once in the house which Clause seems to dispose of the money Contrary to the body of the Act & indeed makes the Act Void as we conceive

Viz :

May it please Your Honor

Whereas there hath been two Returns made of Members to Searve in this Assembly for the Towne of Burlington the one by Samuell Furnace Esqr and the other by Coll Daniell Cox Esqr and the house haveing heard and Considered the Reasons and arguments offred on each Side and being Convinced that there were Some Irregularities in boath the Said Returns this house have declared both the Said Returns to be Void and Sett aside Wherefore this house humbly prays your honor would be pleased forthwith to Issue out a writt to the Sheriff of the County of Burlington to Searve in this Assembly.

having been debated very fully att this board this board are of the opinion Nemine Contradicente that this towne of Burlington by her Majestys Instructions should chuse two members for the Towne and therefore that the Sheriff is no proper officer to make the Returne being properly an officer of the County and Not of the Towne and to Prevent any disputs for the future to what Magistrate or officer of the towne the writt should be directed doe thinke it proper that the Returns be made by the Constable and his honor hath Caused the writt to be directed accordingly and the rather because it is agreeable to a late determination of this house of Representatives on the Election of Perth Amboy

Ordered that the Secretarie doe acquaint the house of Representatives with the Same

Reasons offered by the Councill for adhering to. their

amendments to the bill intituled an Act for Regulateing and appointing the fees of the Severall Officers and Courts of this Province of New Jersey

For the Amendments to the title of the Bill

1st The Bill it Selfe is intended and does extend as Well to the Practisers in as the officers of the Courts and therefore Regularly ought to be mentioned in the Title of the Said bill
For the first Amendment in the Bill

Because Nothing has hitherto appeared to us that the Officers of the Government have deserved Soe Severe a Reflection the Complaint haveing been more justly Cast on the Procesers of the Law

2^d Amendment The 19th Instruction of her Majesty to the Governor of this Collony is in these words

You are to Observe in the passing of the Said laws & of all other Laws that the Stile of Enacting be by the Gover^r Councill and Assembly and No other

2^d For that it appears to us by her Majestys Commission to the Governor that the Governor Councill and Assembly shall Constitute the Generall Assembly which seemed likewise agreed to by this present assembly by two bills passed by them and Sent to the Councill the One Entituled An Act for the Assertaineing the place of sitting of the Representatives met in Generall Assembly the other Intituled an Act for Repaireing of Goales and Court houses in this province in both which these words are used by the L^t Governor Councill and Assembly

3^d Amendment for the Same Reasons as are given for the amendment of the Title:

4th Amendment Because he might lawfully demand & Receive moneys for other things which this act doth Not extend to

5th Amendment: Because this Act is intended to Prevent Extortion or Exactions and not exclude Volluntary Gifts and Presents

6th Because According to the Rules of Grañer Where the Nominative Case is in the Plurall number the Verb ought to

be Soe likewise and here the Substantive fees & the pronoune What being in the Plurall number the Verb ought to be Soe likewise and therefore We think Are is more proper than Is

7th We thinke the words therein Exprest and Annexed hereunto are in themselves Repugnant and Not Consistant with the Bill it Selfe

8th Amendment We thinke the Same penalty ought to extend to all officers whither Commissioned or Not Commissioned

9th Amendment. We are of the opinion that the fees Set downe in the Amendment by us made are reasonable & moderate between the Officers and practissers and others of her Majestys Subjects who imploy them and Generally much less than what are usually Received and Allowed in the like Cases in England or by either of the former Ordinances of this Government and We Could Not expect that the house of Representatives Should Generaly Reject the Said Amendments Since many of them were the Same Sent up by the house onely changeing the figures into words :

And for the additionall Clauses we Rather beleived the house would have thanked us for them then disagreed thereunto Since they were drawn up with Soe much Care and Deliberation and if duely Considered would be found to be entirely Calculated for the ease and benifitt of the people and would be more advantageous to them then the whole bill besides :

Reasons offred by the house for their disagreeing to the Amendments of the Councill to the Bill Entituled an Act for Regulateing and Appointing the fees of the Severall officers and Courts of this province of New Jersey

1st It is the opinion of this house that where the fees mentioned in the bill & in the Amendments doe agree there was no need of any amendment

2^{dly} It is the opinion of this house that had the fees allowed in England been Sutable to the circumstances of this Country or had the fees Allowed by the ordinances been thought Reasonable there had been no need of putting the Country to the trouble and Charge of preparing this bill

3: It is the opinion of this house that the fees allowed by the amendments in such perticulers as are increased above what Is allowed by the bill are too great and in Some things may exceed the ordinances

4: It is the opinion of this house that the fees allowed by the bill for the perticulers therein mentioned are very Reasonable and Sutable to the present circumstances of this province

5: It Is the opinion of this house that Some of the additional Clauses mentioned in the amendments may prove very prejudicial to the Country

6: It is the opinion of this house that the words (Representatives in Generall Assembly mett is the meanest title can be given to this house and thinke it Strange it Should be questioned now Severall bills haveing been formerly past without being questioned in that Stile and that Some bills have past this house in an other Stile to witt Some by the Word Assembly & some by the words Generall Assembly Clearly shews that this house were not carefull always to Observe one Stile But passt them as the persons appointed to draw them thought fit to use

And you are likewise to Send to our Said Commissioners the reasons for the passing of Such Law unless the same doe fully appeare in the preamble of the Said Act & Since the Reasons according to the Said Instruction must appear we thinke it More proper that the Reasons should be mentioned in the Preamble to the bill it selfe then by any Collaterall Letter from the Governour

2^d Because the people who are to pay the money will be the more Satisfied when they see and understand on what the Law is grounded

3:: That they are chosen for some City Towne or County of the Easterne or Western Devision and not any member chose for boath tho when Elected he Searves in the house for the whole province

4: In the Governours Commission there is a Clause in these words That he Shall pass Laws Statutes and ordinances which Are not Repugniant but as neere as may be agreeable unto the Laws and Statutes of this our Kingdome of Great Brittain & we thinke that Amendment very agreeable to the Statute Referred to in the Amendment & indeed more Necessary in this Collony then in Great Brittain to obleidge the members of the house to Attend their duty and when mett to prevent them from absenting themselves before the buisness of the Sessions for which they are Called is finished Since there fourty of above five hundred can make a house and proceed on buisness whilst here a Majority of So Small a Number as twenty four is absolutely Necessary to enable them to proceed as an Assembly :

We Sincerely congratulate your accession to the Government of this province & hope the Long wisht for time is come in w^{ch} the unchristian causes of our divisions will be taken away w^{ch} we perswade our Selves you will be as willing as we conceive you are able to doe by divesting A few

designeing men of that authority they use to the worst purposes :

We have experienced repeated instances of her Majestys care over us amongst w^{ch} one was the sending the Good Lord Lovelace who put an end to an administration the then Assembly of this province with very Great Justice Stiled the worst New Jersey had ever known. that Good man lived longe enough to know how much we had been oprest tho not to Remove the Causes, Another instance of her Majestys Royall favor we Esteame Is the Sending your Excellency to Govern us and we perswade our Selves Your Conduct will Evince it to be so. We hope great things from you and none but what are just. Let not Ill men be put or Continued in power to oppress Let her Majestys Subjects enjoy their Libertys and their propertys according to the Laws and Let not those Laws be warpt to Gratifie the avarise or Resentment of any and then we may safely Leave disputes of property to them this we are humbly of the opinion Is the Greatest honesty and We make No Question you esteame [it to be] the best policy :

We always thought it equally Reasonable to Support A Government and to denie that Suport to Tyrany and opression we should be Glad our abilitys would come up to what we esteame your merrits what we are able to doe shall be Sincerely done and In as agreable a Manner as we are capable all Your desires which we doubt not will be Reasonable shall be Coñmands to us who will Always be Ready to joyne in any thing that may Conduce to the publique benifit and Your owne And hope you may never want will & power to punish weikedness and Vice and Encourage true Religion and Virtue which if you doe we shall esteame you our Deliverer and Posterity shall mention your name with honor

The Humble Address of the members of her Majesty's Councill whose names are hereunto Subscribed

May it please Your Excell^{ty}

The law of heaven as well as that of nature requires the Support of Government the Necessity whereof hath been Allowed in all Ages And our Experience hath Let us See how usefull it Is to maintaine the honor and dignity of the Crowne even in order to the preservation of the Libertys and propriety of the Subjects

Of all Nations in the univers we have reason to esteame our selves the most happy in being Subjects to the Queen of Great Brittain the best of princes and under the wisest constitution of Government in the world not to be mended by humane invention We therefore deeme ourselves in Conscience bound as farr as in us Lies in our Severall Stations to use our Endeavors to Preserve the Prerogative from Licentious inroachments as the Rights and Libertys of the Subjects from open Violations

That all the Just debts of the Government be duely Satisfied that Courts of Judicature be thoroughly established that fitt and proper officers be Appointed in each County that Convenient Jayles for the Secureing Debtors and Criminalls be Erected and that there be a Steady Equall & Impartiall distribution of Justice to all men are the true and Reall

Sentiments of our Soules and Amidst the Confusion and disorders of this Collony Since we have been Stiled and treated as a Party with all humility thinke it Necessary to acquaint Your Excellency that this [is] a party & the onely party we are and have ever been of and from which we can See no Reason to Receed but thinke the duty of our trust & tye of our oaths Require these things which We Suppose to be agreable to the Reason & Justice of mankind To the honor of the Crowne and to the quiet and prosperity of the province

The Noble Character we Received of Your Excellencys Loyalty Justice and Great Abilitys before We had the honor of Seeing You asured us of All imaginable Countenance and Support in these our Just Endeavors and Since Justice is the best and Surest foundation of Government and the Strongest Ligament to Cement the minds Of men in peace and union We Could Not but Rejoyce to hear that worthy Expression of your Excellencys at Your first Arivall in this province That Justice Should be Impartialy Administred And that there Should be No determination of any mans property but by Legall proceedings in the ordinary Courts of Judicature which has Since been Confirmed to us by Your Excellencys Speach at the opening of this present Assembly

We most heartily Pray for your Excellencys hapiness and Prosperity and Shall Sincerely as in duty bound use our Reall Endeavors to Suport the honor of the Government and the preservation of the peace and welfare of this province under Your Excellencys Administration : *

The Gentlemen of the Councill gave their opinions and advice to His Excellency, with Relation to the Complaints laid before them yesterday In the following words (viz)—

To His Excellency

Robert Hunter Esq^r Capt: Generall and Governour In Chief In & over His Majesties Provinces of New Jersey, New York &c and Vice Admirall of the same—

May It Please your Excellency

In order to your Excellencies Command to consider of some Complaints made Against Alexander Griffith Attourney Generall of this Province, and Give your Excellency our opinion and advice thereupon—

We have considered & Examined Into the said Complaints, and Do find that Peter Sonmans Late one of Her Majesties Councill for this Province being by the Grand Jury of the County of Midlesex Indicted for Perjury & Adultery,* And

*In 1708. See N. J. Archives, IV., 87.

the Attourney Generall being by the Supreme Court ordered to prosecute the said Sonmans, The said Attourney Generall contrary to his Duety Sent All the Supenas & Venuries to the said Sonmans the Criminall, by which means the Evidences were not Summoned, and for want thereof the said Sonmans Escaped the punishment Due to his crimes.—

We find that the High Sheriff of the County of Essex having wilfully neglected to Execute A Writt directed to him, by the Chief Justice of this Province to Apprehend Peter Sonmans for Removing & Imbazling the publick Records of the Eastern Devision of the same, was by Order of your Excellency In Councill, ordered to be prosecuted for such his Neglect. The Attourney Generall to Elude such prosecution Sent the Copies for Apprehending the said Sheriff so small a time before the Court to which it was Returnable, that the officer to whom It was directed could not serve it, by which means he has hitherto Escaped prosecution, and is now Removed out of the Province—

We find that Peter Sonmans was Indicted at A Court of Sessions held for the County of Midlesex for A misdemeanour which the Attourney Generall was directed to prosecute, but he contrary to his Duety wholly Neglected the same.—

There was an order of your Excellency In Councill to Prosecute one Vaughan & one Jewell for A Misdemeanour done & Comitted In the County of Monmouth In the Eastern Devision of New-Jersey, and the Attourney Generall to Elude the said order did preferr An Indictment against the said Vaughan & Jewell for the same offence to the Grand Jury of the County of Burlington In the Western Devision of New-Jersey who could not have Cognizance of that fact, by which means the Bill was Endorced Ignoramus and now Remains In file amongst the Records of the Supreme Court, The Chief Justice of this Province percieving the Corruption of the said Griffith Attourney Generall did continue the said Persons on their Recognizances, and Expostulated with the Attourney Generall for his contempt of the orders of your Excellency, who then promised to prosecute the said Crim-

inalls, but Nevertheless did decline to do the same, and they remaine still unprosecuted—

We do find that the said Attourney Generall was likewise by an order of your Excellency In Councill directed to prosecute one Daniell Leeds for raising Altering & chainging Severall Surveys and the Records or Registers of Surveys to the Great prejudice of divers of the then Majesties Subjects, the said Attourney Generall did deny to draw or file any Information on that behalfe Against the said Leeds, and to Elude the said order of your Excellency, upon his delivery of An Indictment [to] the Grand Jury In Burlington In May Term, told the said Grand Jury he was Comanded to do this; but that there was no Evidence Against the said Leeds, whereupon they Endorced the Bill Ignoramus by which means the said Daniell Leeds did then & has hitherto Escaped punishment for these Offences Whereas it consists with our certain knowledge that the said facts were proved Against the said Leeds by many witnesses before your Excellency & Councill In the most publick manner and confessed by the said Leeds—We do find In this present year 1714. The Grand Jury of the County of Burlington did deliver severall presentments to the said Attourney Generall to be by him put Into forme, some of which he formed Into Indictments, but one Against Coll: Cox for a misdemeanour he did utterly Refuse to put Into forme ascerting In open Court that the Subject matter of that Presentment was no Crime, and the Person Informing ought rather to have been presented for Perjury, which being overuled by the Court, and the said Attourney Generall ordered to put the said Presentment Into forme he declined and the Grand Jury Endorsed their owne Presentment Billa Vera, which was Afterwards Quashed for want of A Visnue occasioned Altogether by the said Attourney Generalls Neglect of his Duety and contempt of the said order of Court.—Upon News of the Demise of our Late Majestie of Glorious Memory the said Griffith Attournie-Generall did, Industiously and falsly Insinuate to the Justices of the Peace and other Officers that their Power

In the Government was at an End and could not be Executed till they were Impowred by A New Authority which occasioned A Totall obstruction of the payment of the Publick Taxes for the Support of the Government, for some time to the Great Prejudice of His Majestie and His Government over this Province Wee are of opinion, that your Excellency can't punish any Crimes or misdemeanours Against His Majesties Peace & Government nor Sufficiently Excert your Selfe for His Majesties Service In the Execution of the Powers & Authorities Lodged In you, while the said Attourney Generall continnues to Execute the said Office, being A Person disaffected to the Present Government. And it is our Humble Advice to your Excellency to Suspend the said Alexander Griffith from his Office of Attourney Generall, and to Issue your order In Council, to the Person you will Please to Appoynt to Execute the Office of Attourney Generall till His Majesties Pleasure be further known to Prosecute the said Griffith for his severall contempts and misdemeanours This we think Absolutely necessary for His Majesties Service, but it is nevertheless most Humbly Submitted to your Excellencies better wisdom and Judgement by your Excellencies most Humble Servants.—
